Wynne, I talked to Scott Brown. They are not planning a tech briefing and news conference event. Then again, they will not have the detail that we have for our legislation. Sounds like their legislation is more about the "framework".

See note from Bonny below.

I had no doubt, just wanted to be in the loop too so I can help, I have a particular fondness for this one now! Ha. Just spoke with President MacKinnon and he'll support us on this publicly so that's cool, can you just let me in on the paper prep work too if you wouldn't mind, just want to help, not interfere, hope I'm not irritating you Herman, my intentions are good
